

# SANTIAGO BOTERO GARCIA

Bogotá, Colombia | +57 (313) 3450702 | santi6botero@gmail.com

LinkedIn: [linkedin.com/in/santiago-botero-garcia-86991335b/](https://www.linkedin.com/in/santiago-botero-garcia-86991335b/) | GitHub: [github.com/LePeanutButter](https://github.com/LePeanutButter)

Dynamic and versatile Systems Engineering student with experience in project management, agile methodologies (Scrum, DevOps), and IT development. Skilled in Java, Spring Boot, PostgreSQL, and front-end frameworks, with proven teamwork and leadership. Passionate about digital platforms, cloud solutions, and user-centered systems.

---

## EDUCATION

**Bachelor of Systems Engineering** | Escuela Colombiana de Ingeniería Julio Garavito | Bogotá, Colombia

Expected graduation: December 2026

- Focus on software engineering, data analysis, and systems design
  - Relevant coursework: Database Management, Software Architecture, Agile Development
- 

## EXPERIENCE

**Teaching Assistant - Object-Oriented Development** | Escuela Colombiana de Ingeniería Julio Garavito | Bogotá, Colombia

September 2025 - December 2025

- Evaluated 23 students across multiple pair-based lab assignments, assessing code quality, UML diagrams, and adherence to object-oriented principles.
- Reviewed and graded 100% of third-term pair projects, ensuring correct implementation of OOP concepts and comprehensive technical documentation.
- Provided structured feedback that reduced recurring coding and design errors across subsequent submissions.

**Ad hoc Front-End Web Developer (Freelance)** | ORBIDI | Remote

February 2025 - March 2025

- Contributed to 6 web projects for clients in the Kit Digital program, translating Figma designs into functional WordPress pages using Elementor.
  - Collaborated with cross-functional teams (design and QA) to validate requirements and ensure consistency in deliverables.
  - Completed 1,937 minutes (~32 hours) of development work under tight deadlines, successfully delivering 100% of assigned tasks.
- 

## SKILLS

- **Project Management & Agile:** Scrum, DevOps, CI/CD
- **Programming & Development:** Java, Python, Spring Boot, React, JavaScript, Bash
- **Data & Databases:** Oracle, PostgreSQL, MongoDB, database modeling, optimization
- **Systems & Networking:** Operating systems, system architecture, troubleshooting
- **Languages:** Spanish (Native), English (C1), German (B1)
- **Certifications:** 8, including Scrum/Agile Project Management, Corporate Vision and Strategy, and Language Proficiency. Full list on LinkedIn.
